MISSION

Arlington Free Clinic advances health equity by providing comprehensive, whole-person healthcare to our neighbors who would otherwise lack access.

OUR IMPACT

This year marks a significant milestone for AFC, allowing us to reflect on our impact over the past thirty years and, through this event, raise essential funds to support our continued service.

AFC serves 1,400 patients with 9,000 appointments each year. All live in Arlington and have incomes at or below 200% of the federal poverty level. Most work and have children living at home. Our patients come from all over the globe—but each is an integral part of their family, workplace, neighborhood, children’s schools, and our community.

"Sunny" arrived at AFC with deteriorating metal crowns, painful loose teeth, and the general discomfort of not being able to smile freely. After a thorough examination and x-rays, AFC swiftly addressed Sunny's immediate pain by extracting two teeth that day. Over subsequent months, the dental clinic provided further extractions, deep cleaning, and fillings, before ultimately fitting Sunny with an upper partial denture. With a multi-step treatment plan like Sunny's, patients can struggle to complete care due to the number of visits. But AFC's effective use of our new intraoral scanner expedited the process, making it both quick and affordable.

Sunny's joy was palpable at her final appointment as she received her denture, radiating confidence with her new smile and improved ability to eat comfortably.

WHY AFC NEEDS YOU

AFC is a primarily privately-funded 501(c)(3) nonprofit organization. We receive no federal funding and less than 10% of our budget comes from public sources.

We count on our Annual Benefit Gala to raise 25% of our \$4M+ annual operating budget.

Thank you for your investment in the life-changing programs of Arlington Free Clinic and the health of your community.
